**Subject: NPDES Permit No. TN0025178
Notice of Incomplete Application
Akard Elementary School
Bristol, Sullivan County, Tennessee**

Dear Mr. Yennie:

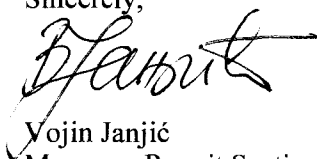

The Division of Water Resources has received your application for the above referenced project at the environmental field office on August 1, 2012. We have reviewed the application for completeness in accordance with TDEC rule 1200-4-5-.05 (2) and find the application to be incomplete. The processing of this application has been suspended until we receive you're the following permit renewal application information:

1. Form CN-1090 (form available on our website at <http://www.tn.gov/environment/permits/npdes.shtml>)
2. We need a topo map per Form 1, Part IX "Map".
3. Revised signed/dated Form 2E, to include data and clarifications for the following Form 2E, Part IV "Effluent Characteristics" items:
You have provided values for Fecal Coliform (we think these are actually, *E. coli* results pursuant to your current permit's requirements) and the average values submitted for *E. coli* and total residual chlorine are higher than the daily maximum values. We need the pH range values to be included and number of measurements used as the basis. Please revise your submittal.

A complete application should be submitted at the address above within 30 days of the date of this letter. You should be aware that in accordance with TDEC Rule 1200-4-5-.05 (2), your receipt of this notice does not preclude the division from later requesting additional material that subsequent to the notice of completeness is determined to be necessary for permit processing.

If you have questions, please contact the Johnson City Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Gary Davis at (615) 532-0649 or by E-mail at Gary.Davis@tn.gov.

Sincerely,

Vojin Janjic
Manager, Permit Section
Water Pollution Control
